When Minus Equals Plus Part Two of our course in Binary 79

Basic Programming

Routine Matters We dive deeper into the clear waters of programming in Basic 77

Feedback

Questions And Answers Apples still grow in Silicon Valley and the computer has caught up with the police 64

Insights

Message Understood Through English to Basic to the electronic language of the microprocessor 66

Fit To Print Caxton never dreamed of the ink jet printer, the daisy wheel and the dot matrix printer 74

Passwords To Computing

True Or False? We open the gateways to logic and discover how computers make 'rational' decisions 68

Next Week

- We review the BBC Micro, a best-selling computer that will soon be able to receive programs broadcast directly to your television screen

- We take a look at the fascinating history of computers, from the first 19th-century prototype to the giant machines that are vital to the space race

- Computers in the classroom - we discover how educational programs are developed into effective aids to all aspects of learning
