The QL
Executive Series
Quest hardware
and software
for the QL user

The full potential of the QL can now be realised: Quest's QL Executive Series of quality peripherals and software enables the QL effortlessly to bridge the gap between the home and professional computer.

By providing industry standard operating systems and storage devices, Quest have opened up the way for the adoption of the QL by not only the serious home user but also by the business user.

QL Executive Series

CP/M 68K

CP/M - 68K

The Easy Route to Industry-Standard Applications Packages

Quest has the exclusive rights, worldwide, to CP/M 68K for the QL and has converted this industry standard operating system to run on the machine. The world's most widely used operating system, CP/M offers a proven and familiar environment in which to develop applications software.

- Co-resides with QDOS
- Users can switch between Operating Systems
- Includes Assembler and C Compiler
- Supplied on microdrive cartridges or floppy disk
- Supports 3", 3½", 5¼" and 8" floppy disks

N.B. CP/M requires either an Executive Series floppy disk system or an OScard to be present.

CP/M on Floppy Disk £59.50
 CP/M on Microdrive £99.50

Memory Expansion Boards

The QL's standard 128K RAM is impressive, but because of the possibilities the machine offers, the programs used will frequently require additional capacity. Consequently, Quest has designed and produced a range of memory expansion cards to suit any requirement.

- Based on the latest 64K D RAM Modules
- Fully buffered
- Automatic refresh
- 150ns access to RAM contents
- Fit the standard QL and Quest's Expansion Console
- The 64K unit can easily be powered by the QL's internal power source: larger units may need external power and provision for this has been made in their design.

64K RAM £115.00 256K RAM £349.00
 128K RAM £185.00 512K RAM £579.00

Memory Expansion Boards

OScard

OScard

To enable microdrive or floppy disk versions to be used without the QL Executive Series floppy disk controller, this circuit board provides the necessary memory switch and RAM capacity. A full years warranty. OScard £49.50

Power Supply Unit

Specially designed to power Quest's memory expansion cards and the Expansion Console, this plug-in, stand-alone unit is covered by a full year's warranty.

Power Supply Unit £64.50

Disk Drives

With years of experience in disk drive technology, Quest have been able to harness their technical expertise and commercial purchasing power to offer QL users the speed, capacity and reliability of disk storage at truly affordable prices.

Complete with disk interface controller/memory switching unit, power supply and cables – no hidden costs – attractively styled and using state-of-the-art technology, the Executive Series of disk drives brings all the benefits of professional mass storage to the QL.

- Latest half-height technology
- All necessary equipment included
- Operate under CP/M and QDOS
- Full year's warranty cover

200K Floppy Drive* £295
 400K Floppy Drive £419
 800K Floppy Drive £499
 2 x 200K Floppy Drives £469
 2 x 400K Floppy Drives £579
 2 x 800K Floppy Drives £695

*Full height technology

Tally Business Accounts Software

Double Integration is the key to Tally, for the accounts modules contained in it link not only with each other but also with the four Psion packages – Quill, Archive, Easel and Abacus – supplied with the QL.

Tally I, comprises Sales Invoicing, Sales Ledger and Stock Control and Tally II consists of Purchase and Nominal Ledgers. These Quest programs enable the user to integrate, for example, Sales Ledger and Quill to produce standard letters without re-entering any data, or to use Easel to display in graphic form the data entered under Tally's Stock Control module.

Tally I £115.00

Tally II £59.50
